You receive 12 tracks when you buy this, and after listening to them, I find that some tracks that play in the game are not included in these 12 files, most notably the track that plays when you are in the main menu of the game. So buying this only gives you a partial soundtrack. As for the songs that are included with your purchase, when taken out of the context of the game, they aren't that great. Just my thoughts.

[Music From Binaries download 100mb](#)
[Hero Boy - Original Soundtrack Activation Code \[Patch\]](#)
